HOW TO CREATE A 3D MAC THE LLAMA

- 1 Cut out Mac the Llama (A), including base. Cut the vertical, dashed line on the base.
- 2 Cut out the base (B). Cut the vertical, dashed line on the base.
- 3 Allow Mac to stand up by creating the base. Attach (A) and (B) using the slits created by cutting at the dotted line.
- 4 Add some holiday flair by cutting out the Christmas accessories and folding the tabs over Mac.
